Case No. 19STCP00302
Regional Public Private Infrastructure Collaboration System (RPPICS)
Records for August 2018

Mr. Cisneros:

On or about August 31, 2018, a request was made via the City of Los Angeles' NextRequest public records web portal for "everything posted to the Regional Private Infrastructure Collaboration System in August 2018." This request was identified as NextRequest #18-2311.

The Los Angeles Police Department (Department) located a total of three RPPICS records responsive to this request. The Department has agreed to disclose these records. Enclosed please find the following:

- (1) High Visibility Deployment Recommendation for Weeks of August 13-26, 2018
- (2) JRIC Daily Report, August 2, 2018
- (3) JRIC Daily Report, August 7, 2018

Disclosure of these records completes this request. If you have any questions or concerns, please feel free to contact me.

Sincerely,

MICHAEL N. FEUER, City Attorney
